

Mercedes

Used Cars

When you think of excellence in the car industry, we think of Mercedes Benz. The company has established itself as one of the world's leading makers of high-end automobiles. No other company has been able to cover all of the bases in luxury automobiles, buses, vans, trucks, SUV's as Mercedes has.

202 mph

70

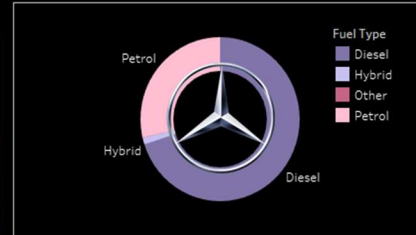

HIGHEST SPEED

CAR MODELS

Mercedes Models and Count
C class, A class, E class, GLC class are majorly mercedes models used.

Number of cars by fuel type

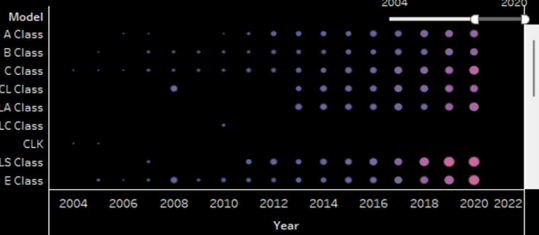

Diesel & Petrol are highest sold as compared to hybrid, maybe pricing is an issue.

Number of cars by Transmission

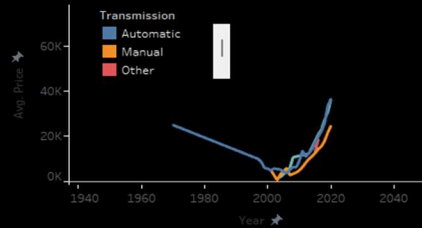

Automatic and semi automatic C class models have been used maximum.

Price by Model

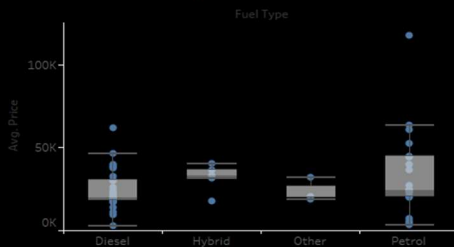

The prices have increased as year increases. The rate in price have increased maximum for G class model due to increase in demand whereas the prices have been quite consistent for other models. S class & GLS class have quite increase in coming years.

Price of cars by Transmission

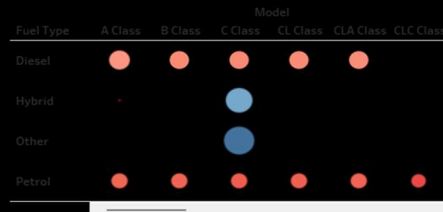

The Price for cars have dropped in start of 20s and have increased post 20. The prices of Automatic was high during 90s and post 20s due to increase in demand.

Price by Fuel Type and Transmission

The price for petrol lies in the outlier for G class.

Average mpg of Mercedes Model

C class and E class model has maximum Average Speed.

How does price affect??
